POLICY FOR SUSTAINING MEMBERSHIP

Sustaining Membership is meant to promote a network of people who do not study at the A-guild's educations but show an interest toward the guild and wish to partake in its activities. The sustaining membership is also meant to create financial support for the guild.

A Sustaining Member is every person who has fulfilled the obligations for sustaining membership in accordance with the by-laws §2.3.

Sustaining members shall:

- Pay the yearly fee for sustaining membership 100 SEK during the first quarter of every calendar year.

It is the Guild Board's duty to ensure that every sustaining member acquires:

- Invitation to a yearly event at the guild.

The Secretary is ultimately responsible for the administration of sustaining membership. The administration consists of continual updating of the sustaining membership register, controlling the fulfillment of the obligations for sustaining membership, responsibility for sending out information and invitations and other possible administrative tasks.
